

WORLD BOWLS

PERFORMANCE STANDARD FOR ARTIFICIAL GREENS

MANUFACTURER/SUPPLIER'S APPROVED PRODUCT

This is to certify that **WOVEN BOWLING SURFACE**

Produced by **CRYSTALS LTD T/AS GREENGAUGE SURFACES**

Has been approved for indoor and outdoor flat bowling greens, in accordance with the conditions of the "WB Performance Standard for Artificial Flat Green Bowls Surfaces". The product passed the test in the following categories and, where appropriate, classifications are specified:-

- * Green speed on one rink in two directions - **medium**
- * Draw on one rink in two directions
- * Infiltration rate in two locations - **permeable**
- * Levels - survey of the whole green
- * Regularity – survey of the whole green

The product is known worldwide as "Greengauge" with the exception of Australia where it is known as "Bowls Weave" and New Zealand where it is known as "Green Weave".

A full report of the inspection is available from the manufacturer/supplier on request.

The manufacturer/supplier is permitted to append the logo of World Bowls to both the above named product and appropriate advertising material and to include reference to such approval in any correspondence or advertising material issued to prospective and actual customers.

The granting of this authorisation is conditional on the manufacturer/supplier having paid the appropriate fee and making his product available at any time for inspection by a representative of the Board.

Gary Smith, Chief Executive
